Introduction

B.Tech Computer Science Engineering student (CGPA: 9.15) with a Minor in AI & ML. Passionate about building AI-powered applications, full-stack development and solving real-world problems.

Technical Skills

- **Programming Languages:** Intermediate: C++, C, Python, Dart, Java, Javascript
- **Frameworks & Platforms:** Flutter, Streamlit, Qt Creator, Arduino IDE, Node.js, Express.js, FastAPI, Socket.io, React.js
- **AI, GenAI, Machine Learning & Computer Vision:** LLaMA 3, Mistral, Ollama - Offline LLMs, YOLOV8, API's integration, Sentiment analysis, NLP, OpenCV
- **Cloud & API Integration:** Google Cloud Platform, Google Maps API, Firebase, Building & API testing with Postman
- **Databases:** MySQL, PostgreSQL, SQLite, Firestore, Supabase
- **Web & UI Technologies:** HTML5, CSS3, Web Design (MKCL Certified), UI/UX, Next.js
- **Tools & Environments:** Microsoft Office, GitHub, Visual Studio Code, Android Studio, Postman, XAMPP, MATLAB, Ubuntu Linux, Vercel, Netlify
- **Networking & Security:** Cyber Security, Networking, and IT Support (MKCL Certified)

Experience

Crafizio Pvt. Ltd.

Software Engineer Intern (Remote)

Hyderabad, India

August 2026 - Present

- Working on website aiming for connecting Artisans from rural India with Modern India via Ecommerce like platform.

Flyrank AI

Machine Learning research Intern (Remote)

Hyderabad, India

July 2026 - Present

- Built an end-to-end ML pipeline (Python, Scikit-Learn) to predict Google Search ranking discoverability and prioritize content updates.
- Scaled feature engineering using DuckDB to efficiently process over 79 million rows of real-world search intelligence data.
- Achieved a ~300% accuracy lift (Precision@50: 0.24 to 0.74) over baseline rules by training Random Forest models to deliver actionable SEO insights.

Freelance Full Stack Developer

Self-Employed

2025 - Present

- Developed and deployed production-ready web platforms for clients using React.js, Next.js, Supabase, Firebase, Vercel etc.
- Successfully delivered and maintained platforms serving 1500+ users/members in production environments.
- Websites: <https://www.eliteclubcsn.in/>, <https://drshardahomoeopathy.com/>.

IIT Hyderabad

Machine Learning research Intern (Onsite)

Hyderabad, India

June 2025 - August 2025

- Developed 2D Particle tracker using MATLAB for plotting trajectories using automated centroid detection and real-time trajectory visualization for research-grade analysis.
- SPINODE - Neural SDE using Neural Network - Python, CUDA, Euler DE, Meilstein DE.

Project Work

1. Annada - Farmers Assistant (Flagship) |

Flutter, Google (Gemini) APIs, Postman API

- Engineered a multi-lingual Flutter app integrating Firebase Auth and a Vertex AI-powered chatbot, resolving farmer queries instantly across 18+ regional languages.
- Built a Fertilizer Calculator & Yield Predictor with dual-unit (Acres/Hectares) input and real-time NPK dosage output, paired with a Yojna module surfacing 10+ government schemes plus live weather & news.

- 2. Tathya - An AI Powered Mis-Information & Fake Info Detector | *Python, Streamlit, Mistral Latest, Ollama, Lang-Chain***
 - Built an ML/NLP misinformation-detection pipeline using Mistral (via Ollama) and LangChain with integrated sentiment analysis, flagging fake content with 90%+ accuracy for PIB and government verification teams.
- 3. GreenLink - Emergency vehicle reporting & traffic clearance system | *HTML5, CSS3, Vanilla JS, Firebase Auth, Firestore***
 - Built a real-time coordination platform linking 3 stakeholder roles (emergency vehicles, traffic in-charge, on-duty police) via role-based dashboards with live duty toggles and status tracking.
 - Powered live GPS tracking and instant clearance sync using Firestore onSnapshot listeners and Leaflet.js mapping.
- 4. ArthaSathi - Accessible Financial Authorization Platform | *Next.js, Express, FastAPI, Firebase, Gemini 2.5 Flash***
 - Built an AI-driven consent platform using Gemini 2.5 Flash to simplify legal documents, with OCR extraction from PDFs/images, auto-generated comprehension quizzes, and a multi-lingual voice-enabled chatbot.
 - Architected a 3-layer secure consent pipeline - biometric voice signing, digital signatures, and cryptographic ledger hashing - with interactive analytics dashboards.
- 5. DivyaDrishti - Smart City Road Hazard Detection Platform | *Next.js, Node.js, ML, Express, Socket.io, FastAPI, YOLOv8n***
 - Built a real-time platform using YOLOv8n to detect potholes, accidents, and stray animals from live CCTV feeds at sub-50ms hazard-detection latency.
 - Designed a geospatial heatmap dashboard with automated WhatsApp/SMS alerts via Socket.io for instant emergency dispatch.

Education

B. Tech., Computer Science Engineering, Jawaharlal Nehru Engineering College, MGM University **Current CGPA: 9.10**
 Chh. Sambhajinagar, MH, India | 2023 - Early 2027

Deogiri College **11th: 92.5%, 12th: 60% (Computer Science: 90%)**
 Chh. Sambhajinagar, MH, India | 2021 - 2023

Podar International School (C.B.S.E.) **10th: 89.80%**
 Chh. Sambhajinagar, MH, India | 2016 - 2021

Achievements

- **Microsoft Office Specialist (MOS)**, Microsoft India - Secured AIR 2 in year 2021 and qualified for consecutively 3 years; awarded Gold and Silver Medals at National level.
- **National Level I.D.E.A. Hackathon powered by E3L x HBSU** - 1st Rank - Won 50,000 INR & Goodies.
- **TechSprint 2026 Hackathon Special Sponsor Award powered by Google Developers Group OC** - 1st Rank - Won 50,000 INR worth Coupons & Internship.
- **National Level Hack The Gap 2.0 2026** - 2nd Runner Up - Won Trophy & 15,000 INR.
- **State Level Stellar - Supernova Hackathon 2025** - 1st Rank - Won 5,000 INR & Goodies.
- **National Level Techathon 3.0 Hackathon Domain Winner** - 1st Rank - Won Trophy & 10,000 INR.
- **National Level MAGIC BATIC 2025-26** - Top 10 - PAN India.
- **1st Rank** - E-GOV Hackathon Pitch at Swayambhu 2025, MGM University.
- **3rd Rank** - SharpTech, MGM University.
- **6th Rank** - E-MERGE 2.0 Entrepreneurship Challenge 2024, IIT Hyderabad.
- **SIH 2025** - College Level Finalists.
- **Champion Milestone Achiever** - Google Arcade & Google Cloud Arcade Milestone Program 2024 and 2025.
- **State-level NCO Olympiad** Qualifier.
- **Completed 15+ certified courses from MKCL and Cisco** (Maharashtra Knowledge Corp. Ltd.), including - MS-CIT, Web Designing, C/C++ Programming, Desktop Publishing, Cisco: Cyber Security, and IT Hardware, Desktop & Network Support.
- **IIT Bombay Spoken tutorial** - Scored 90% in Intro to computers (Credit: 1), and 85% in Python 3.4.3 (Credits: 4).
- **Winner of Dance Competition** - Solo & Group dance 2025 and 2026 at Razzmatazz (Annual Fest) 2025, MGM University, Chh. Sambhajinagar.
- **TopMate Certified Mentor** - Mentored 100+ Students by conducting seminars and 1:1 guidance session.
- **1st Rank - CodeBurst Coding Competition - Supernova 2026 - Won Cash Prize, goodies & trophy.**
- **2nd Rank - Protonova Project Competition - Supernova 2026 - Won Cash Prize, goodies & trophy.**

Co-curricular & Leadership Involvement

- **Google Student Ambassador 2025** - Lead 2026-2027, JNEC, MGM University.
- **Event management Head** - Training and Placement 2025-2027, JNEC, MGM University.
- **Content Creation Team** - BlackBox AI Mavericks Club 2024-2025, JNEC, MGM University.
- **Event Management Team** - GDG (Google Developer Group) 2024-2025, MGM University.
- **Overall Event Head** - E3L Hackathon 2025, HBSU, Mumbai - Coordinated with 100+ Teams across India.
- **Official Logistics Team/ Logistics Head** - TEDx MGMU 2024 and 2025 - Managed logistics for event comprising 200+ Members.
- **Dance Choreographer** - Selected performer and cultural team lead during university induction - Choreographed 50+ Students.
- **NSS (National Service Scheme) Green Club Campaign Coordinator** - Led 50+ Student and Engaged in community outreach, camps, youth programs, Led awareness & sustainability initiatives from year 2024 - year 2025.
- **Internal Organizing Committee** - Smart India Hackathon 2025 - Managed 50+ Teams for SIH 2025.
