Introduction

A highly motivated Computer Science Engineering student at JNEC, MGM University, currently in 3rd Year with Minors in Machine Learning & Artificial Intelligence. Passionate about solving real-world problems, AIML development, and gaining hands-on experience in this dynamic field.

Technical Skills

- **Programming Languages:** Intermediate: C++, C, Python, Dart (Flutter), Java
- **Frameworks & Platforms:** Flutter, Streamlit, Qt Creator, Arduino IDE
- **AI, GenAI, Machine Learning & Computer Vision:** Experience with LLaMA 3, Mistral, Ollama – Offline LLMs, Blackbox AI & API's integration, Sentiment analysis, Natural Language Processing (NLP), and foundational Computer Vision with OpenCV Basics
- **Cloud & API Integration:** Google Cloud Platform, Google Maps API, Google OAuth API, Building & API testing with Postman
- **Web & UI Technologies:** HTML5, CSS3, Web Design (MKCL Certified), UI/UX fundamentals
- **Tools & Environments:** Microsoft Office, GitHub, Visual Studio Code, Android Studio, Postman, XAMPP, MATLAB, Ubuntu Linux
- **Networking & Security:** Intermediate Knowledge of Cyber Security, Networking, and IT Support (MKCL Certified)
- **Soft Skills:**
 - Hackathon Leadership & Project Ownership
 - Team Collaboration & Agile Workflow
 - Time Management & Deadline Efficiency
 - Fluent Communication & Public Speaking

Experience

IIT Hyderabad

Machine Learning research Intern (OnSite)

Hyderabad, India
June 2025 – August 2025

- 2D Particle tracker using MATLAB for plotting trajectories.
- SPINODE – Neural SDE using Neural Network – Python, CUDA, Euler DE, Meilstein DE.
- Neural Network integration in Stochastic physics informed – neural ordinary differential equation at BME Department, IITH.

Cognifyz Technologies

Web Developer Intern (Remote)

Nagpur, India
Feb 2025 – March 2025

- Developed a website using HTML, CSS, Java, and Bulma framework.

Project Work

AI Powered Mis-Information & Fake Info Detector

Python, Streamlit, Mistral Latest, Ollama, Lang-Chain

- Fake & Mis-information detector using Machine learning models and artificial intelligence.
- Specifically designed for PIBs and Government Agencies.
- Included Sentiment Analysis and NLP.

2D Particle Tracker

MATLAB, Image processing

- Developed a MATLAB-based GUI to track **2D particle motion frame-by-frame** and extract precise nanometer-level displacement.
- Integrated automated trajectory plotting, centroid detection, and real-time visualization for research analysis.

Paper Shredding Machine

Arduino UNO, 12V Adapter, IC L293D MD

- Built Paper shredding machine for Corporate or Household purpose.
- Used stainless steel blades to finely shred paper for household and office use.

Student Test Application

C++, QT Creator

- Test consisting of user-defined questions including T/F Questions, and MCQs.
- Student test application consisting of Ranking/ Leaderboard system among the students.

Annada – Farmers Assistant (Flagship)

Flutter, Google (Gemini) APIs, Postman API

- Major Multi-lingual project consisting of an android application to assist farmers.
- Consists of Google OAuth security integrated, Gemini 2.5 Flash Pro Chatbot for instant assistance.
- Fertilizer Calculator with In-built Area input (Acres/Hectres) and Fertilizer Assistance with approx. result values.
- Yojna section providing quick access to government schemes in a single click, and also LIVE Weather alert system using openweather API.

Startup Idea Validator

OpenAI API, Python, Flask

- This project web scrapes the data using OpenAi API and then displays the analytic result.
- The result includes Marketing analysis, current competitors, SWOT analysis, and budget distribution.

Education

B. Tech., Computer Science Engineering, Jawaharlal Nehru Engineering College, MGM University

Current CGPA: 9.10

Chh. Sambhajinagar, MH, India | 2023 – Early 2027

Deogiri College

11th: 92.5%, 12th: 60% (Computer Science: 90%)

Chh. Sambhajinagar, MH, India | 2021 – 2023

Podar International School (C.B.S.E.)

10th: 89.80%

Chh. Sambhajinagar, MH, India | 2016 – 2021

Coursework

- Machine Learning
- Discrete Mathematics
- Artificial Intelligence
- Database Management System
- DevOps
- C/Java/Python/Js/C++

Achievements

- **Microsoft Office Specialist (MOS)**, Microsoft India – Secured AIR 2 in year 2021 and qualified for consecutively 3 years; awarded Gold and Silver Medals at National level.
- **National Level I.D.E.A. Hackathon powered by E3L x HBSU** – 1st Rank – Won 50,000 INR & Goodies.
- **TechSprint 2026 Special Sponsor Award powered by Google Developers Group OC** – 1st Rank – Won 50,000 INR worth Coupons & Internship.
- **State Level Stellar** – Supernova Hackathon – 1st Rank – Won 5,000 INR & Goodies.
- **1st Rank** – E-GOV Hackathon Pitch at Swayambhu 2025, MGM University.
- **6th Rank** – E-MERGE 2.0 Entrepreneurship Challenge 2024, IIT Hyderabad.
- **Champion Milestone Achiever** – Google Arcade & Google Cloud Arcade Milestone Program 2024 and 2025.
- **State-level NCO Olympiad** Qualifier.
- **Completed 15+ certified courses from MKCL and Cisco** (Maharashtra Knowledge Corp. Ltd.), including: MS-CIT, Web Designing, C/C++ Programming, Desktop Publishing, Graphic Designing, Cisco: Cyber Security, and IT Hardware, Desktop & Network Support.
- **IIT Bombay Spoken tutorial**: Scored 90% in Intro to computers (Credit: 1), and 85% in Python 3.4.3 (Credits: 4).
- **Winner of Dance Competition in both Solo & Group dance 2025 and 2026 at Razzmatazz (Annual Fest) 2025, MGM University, Chh. Sambhajinagar.**

Co-curricular & Leadership Involvement

- **Event management Head** – Training and Placement 2025-2027, JNEC, MGM University.
- **Content Creation Team** – BlackBox AI Mavericks Club 2024-2025, JNEC, MGM University.
- **Event Management Team** – GDG (Google Developer Group) 2024-2025, MGM University.
- **Overall Event Head** – E3L Hackathon 2025, HBSU, Mumbai – Coordinated with 100+ Teams across India.

- **Official Logistics Team/ Logistics Head** – TEDx MGMU 2024 and 2025 – Managed logistics for event comprising 200+ Members.
- **Dance Choreographer** – Selected performer and cultural team lead during university induction – Choreographed 50+ Students.
- **NSS (National Service Scheme) Green Club Campaign Coordinator** – Led 50+ Student and Engaged in community outreach, camps, youth programs, Led awareness & sustainability initiatives from year 2024 - year 2025.
- **Internal Organizing Committee** – Smart India Hackathon 2025 – Managed 50+ Teams for SIH 2025.
